Texas Emigration and Land Company! 320 Acres of Land for \$20---160 Acres of Land for \$10.

THE TEXAS EMIGRATION AND LAND COMPANY having derived their Grant from the late Republic of Texas, by contracts made with the President thereof, under authority of the special acts of Congress, approved the Pebruary, 1841, and 16th January, 1843, granting lands to Emigrants, will continue to give 120 acres of land to families, and 160 acres of land to single men over 17 years of age, until the 1st day of July, 1848, conditioned, that the family shall pay \$2.0, and the single man \$10, for the surveying fees. A family, as defined in our Contracts, must consist of—

that the family shall pay \$:0, and the single man \$10, for the surveying fees. A family, as defined in our Contracts, must consist of—

"A man and his wife, with or without children;"

"A widower with two or more children; if males under 17 years of age, if females, unmarried."

"A widow with two or more children; if males under 17 years of age, if females, unmarried."

"Two single men over the age of seventeen years, each one being entitled to 160 acres."

On his arrival in the Colony, the Emigrants should forthwith apply to the Agent of the Company, Mr. Henry O. Hedgooxe, residing at Stewartsville, in Denton county, who will at all thoes be ready to assist him in the selection of his land, and enter the same on books kept for that purpose, and give him a certificate therefor; which certificate will be evidence of his having settled in the Colony in due time.

Our Grant lies in the North-Eastern part of Texas, between the Send and 34th degrees of Latitude North, and 19th and 12nd degrees of Longitude West, from Washington; beginning on the south side of Red River, at a point 12 miles cast of the False Ouachitta, running thence due South 100 miles, thence East 164 miles, thence North 100 miles, thence West 164 miles to the beginning, having a front on the meanderings of Red River of nearly 300 miles; and includes within its limits the upper and lower Cross Timbers, and the head waters of the Brasos and Trinity Rivers, the Trinity being navigable for Steam Boats of light draught, from the interior of the Colony to the Gulf of Mexico, into which it empties, some 25 miles from Galveston, and Red River, to the Mississippi, affording an outlet for the surplus productions of the country. This portion of Texas is peculiarly adapted to the growth of wheat, experience within the last two years having tested the fact, that it will produce 40 bushels to the acre, weighing 65 to 70 pounds to the bushel. Indian corn, rye, barley, oats, sweet and Irish potatoes, peas, beans, melons, garden vegetables of all kinds, cotton, he

The planting season commences in February and continues until July.

Colonel William Myers, who removed there from Garrard County, Ky., last fall, says, in a letter dated 8th May, 1847.—

"I will not venture to tell my friends in Kentucky that the land here was better than the best land in Kentucky, because they would not believe it; but now I assert it, for the soil is deeper, being in many places five feet, and the kindest land to work I ever put a plough in. I verily believe that around the forks of the Trinity, lies the largest body of first-rate land in America."

Let no Emigrant loose sight of the important fact, that our contracts with the Government of Texas expire on the 1st day of July, 1848, and that he must not only be in the Colony, but that he must have selected his land, built a house or cabin thereon, and be residing therein with his family by that day;—one day after that date, and the opportunity of getting lands for nothing is, perhaps, lost for ever. Persons desiring additional information, by addressing the undersigned Trustees or either of them, post paid, shall receive prompt attention.

WESTERN BAPTIST REVIEW, DEVOTED TO THE INTERESTS OF RELIGION AND LITERATURE, Rev. J. L. Waller and Rev. R. R. Lillard, Editors,

A. G. HODGES & CO., PRINTERS, FRANKFORT, KY. THIS PERIODICAL has been commended in the strongest terms by Editors, Ministers, Churches, Associations, and General Associations, of the denomination to whose interests it is especially devoted. In this respect, no similar work can boast a more favorable reception. And its rapidly increasing patronage, also, proves the high estimation in which it is held. It is now about to enter upon its Tring Volume. Its Editors promise their utmost endeavors to please, interest and instruct; and to this end, will devote their undivided attention. They have already the assistance of the most able and popular writers belonging to the denomination in the West; and hope to secure the co-operation of others, equally gifted and approved, in other sections of our country. The great object will be to deserve an extensive patronage.

xtensive patronage.

Prospectus of the Christian Mirror. THIS paper will be devoted to the discovery, illustration, and defence of truth—to the advocacy of whatsoever things are pure, lovely, and of good report. So far as it may be deemed expedient to give it a local character, it will aim more especially, to promote the interests of Apostoha Christianity in Kentucky. But a brief outline of its intended course, can be here sketched. I. A candid and thorough examination of the questions involved in Church Organization and Co-operation, will be attempted. The Bible Society question will be considered. Much investigation of these subjects is yet demanded. Let no one deprecate discussion. In the midst of society in rapid progress, it is unavoidable, and is to be invited, rather than repelled. It is not discussion that is dreaded, but those angry rersonalities, into which, even religious discussions too often descend. Nothing

is unavoidable, and is to be invited, rather than repelled. It is not discussion that is dreaded, but those angry rersonalities, into which, even religious discussions too often descend. Nothing of these last, shall ever have a place on the pages of the Mirror. In general, nothing that can be personally offensive to any one, will be admitted, unless the defence of the community against imposture, shall urgently demand it.

II. To furnish entertaining and instructive reading for the younger members of churches, being not the least important am of our paper, we shall attempt, for their advantage especially, a brief exposition of the elementary principles, and ultimate aims of the Reformation.

III. The subject of Education in general, and of Female Ed-

a brief exposition of the elementary principles, and ultimate aims of the Reformation.

111. The subject of Education in general, and of Female Education in particular, will receive such attention as we may be able to give. Hints, as to the best mode of instructing a family in the Sacred Scriptures, will be offered.

1V. Condensed reports from Churches and Evangelists, reports of State, Annual, and Co-operation meetings will be published; and any advertisement required by the common interests of the churches.

V. We shall endeavor to record in a few lines, the principal religious events of the times.

ests of the churches.

V. We shall endeavor to record in a few lines, the principal religious events of the times

VI. But especially, and above all things else, we shall invite our beloved biotherhood forward and upward to the higher grounds of godliness, brotherly kindness, and charity. It is mainly from a desire to accomplish something in this respect, that this prospectus is submitted to the public. The field we purpose cultivating, is not occupied fully by our writers, nor has it been. We shall, if possible, make the Mirror equal to our times, both in its mechanical and literary features, and yet, we shall aim to be useful rather than shiting. Gladly will we forego the honor of being thought a philosopher—an accomplished essayist—a profound expositor, if we may but successfully invite the thousands of young professors away from the vanities of earth, to the enjoyment of the grace of Christ, the love of God, and the communion of the Holy Spirit. And whether we reason or discuss; reprove or rebuke; exhort or entreat; we intend that the paper shall, in some good degree, reflect the excel lency of the knowledge of Jesus Christ our Lord.

Those to whom this prospectus shall be sent, are respectfully requested to interest themselves in behalf of our project. Should it succeed, the proceeds will shortly be appropriated to the benefit of a charitable institution, that every friend of the female or phan—that every philanthropist must approve. If our proposition is efficiently seconded, we shall be pleased, if not, we shall neither be offended, mortified, or injured.

KENTUCKY LEGISLATURE.

IN SENATE.

THURSDAY, January 6, 1848.

The Senate was opened by prayer by the Rev. Mr. Norton, of the Episcopal Church.

Journal of yesterday was read by the Secretary. The SPEAKER laid before the Senate, the Annual Report of the President of the Board of Internal Improvement. The reading was dispensed withthe usual number of copies ordered to be printed, and the report referred to the committee on Internal Impro

The SPEAKER announced the following gentlemen, as composing the committee of Apportionment: Messrs. Gray, James, Walker, Hardin, Thurman, Hobbs, Todd, Speed Smith, Young and Hawkins. Mr. GRAY asked to be excused from acting as

Chairman of said committee, as being a young member of the Senate, there were other members better qualified to discharge its duties than himself, whereupon the Speaker appointed Mr. Robert S. Todd, as Chairman of said committee.

Petitions.

Petitions were presented by Messrs. Walker, Evans and Bramlette, and appropriately referred. Reports from Standing Committees.

Mr. HARDIN, from the Judiciary committee, reported the bill, entitled an act for the benefit of the Officers and Soldiers in the war with Mexico. The second and third readings of the bill were dispensed

with, and it was then passed.

Also—the petition of Elizabeth Voris, with the opinion that it should be rejected.

Mr. ENGLISH thought the prayer of the petition should be granted. It asked the passage of a law authorizing her to sell a tract of land, containing only thirteen acres, left by her husband at his death. He was aware that there existed a law providing for such cases, but the land here involved, is of but little value, and by the usual procedure in such cases, the whole amount would be expended in costs of suit. The petitioner is offered a fair price for the land, and if permitted to sell, is willing to become responsible to her children for the amount she receives. The principle upon which the petition was rejected he acknowledged correct, but his hope for its being granted was the small amount involved. The petitioner is poor and has several children, and he feels that to benefit and assist her, in this case, he would be justifiable in departing from the usual course, and hopes the prayer of the petition will be granted.

The report of the committee was concurred in,

and the petition rejected. Also-an act to amend an act, approved January, 1813, entitled, an act authorizing the Auditor to cor-

rect certain mistakes. The nature of the bill being explained by Mr. Hardin, which is, simply authorizing the Auditor to refund any money which may have been paid for land improperly forfeited for taxes, the further readings was dispensed with and the bill passed.

Also-a bill for the benefit of John U. Watson and Pemberton Cave; readings dispensed with, and the bill passed.

Also-a bill granting a change of venue to Benj. All, indicted in the Jefferson Circuit Court for passing counterfeit money; second and third readings being dispensed with, the bill was passed.

Mr. WALKER from the committee of Propositions and Grievances, reported a bill authorizing Rice Maxey to import certain slaves into this State; second and third readings being dispensed with, Mr. BOYD demanded the yeas and nays on its

Mr. WALKER from the committee of Propositions and Grievances, reported a bill authorizing L. D. Berry of Hickman county, to import certain slaves into this State; readings dispensed with, and passed.

Mr. BOYD from the committee on Religion, reported the petition of Thos. Deacon, praying a divorce, with the opinion that it should be rejected; concurred in.

Also, the petition of Elizabeth A. Deacon, praying a divorce, with the opinion that it should be rejected; concurred in.

Mr. WALL from the committee on Military Affairs, reported a bill for the benefit of the Officers and Soldiers in the War with Mexico.

Mr. WALL said that the bill proposed to exempt those individuals from military duty, for the future, unless in case of insurrection or rebellion. It was usual to manifest feelings of gratitude to the soldier, but this bill not only accomplished that, but it also conferred benefit upon them. The military service required by law was onerous and burthensome, and those whom the bill proposed to relieve from it, had performed arduous camp duty in the war-their drill was perfected on the bloody plain of Buena Vista and other battle fields, and if the military system was to be kept up, which he thought doubtful, it should be done by those citizens who remained at home whilst the brave volunteers were fighting on the plains of Mexico. He could see no use in keepthem subject to the Militia Law of our Statenothing would be added to their military discipline and knowledge, and he hoped the bill under consideration would be adopted.

Mr. W. having concluded, the further readings of the bill were dispensed with, and then unanimously passed

Mr. HOBBS submitted the following joint resolution, and the rule requiring it to lie on the table one day, having been suspended, it was read a second time, and referred to the Committee on Finance:

Resolved by the General Assembly of the Commonwealth of Kentucky, That the Second Auditor be directed to instruct the Commissioners of tax for this Commonwealth, for the future, along with their reports to return separate and perfect lists of the blind, and of the deaf and dumb in their respective districts.

Mr. ENGLISH asked to withdraw the petition of Elizabeth Voris; granted.

Leave was granted to introduce the following

bills: To Mr. HAWKINS, a bill for the benefit of Pres ly Stewart, of Kenton county; referred.

To Mr. ENGLISH, a bill to amend an act, entitled, "an act to protect the rights of married women," approved Feb. 23d, 1846; referred. To Mr. THOMAS, a bill to amend the road laws

of Campbell county; referred.

Orders of the Day. A bill from the House, changing the name of

Francis Ford; also, the name of Jerdenia Hawkins,] to that of Jerdenia Hodge; also, the name of Wm. C. Denning, to that of Charles Galaway; also, the name of Sarah Jane David, of Union county, to that of Sarah Jane Mason; also, the name of Kitty Jane Seagraves, of Allen county, to that of Kitty Jane Read, was read the first time; the further 1 eadings being dispensed with, the bill was then passed.

H. R. bill for the benefit of the clerks of the Union County and Circuit Courts; second and third readings dispensed with, and passed.

H. R. bill changing the time of holding the April term of the Union County Court; second and third readings dispensed with, and passed.

H. R. bill changing the names of Elijah Hise Marrs, Chas. Warren Marrs and Wm. O. Butler Marrs, to those of Elijah Hise Greathouse, Chas. Warren Greathouse and Wm. O. Butler Greathouse second reading dispensed with, and referred to the Committee on Propositions and Grievances.

H. R. bill incorporating the town of West Point, in Hardin county; second reading dispensed with, and referred to the Judiciary Committee.

H. R., bill for the benefit of Edward B. Gibson of

Simpson county; second reading dispensed with, and referred to the Judiciary committee.

H. R., bill establishing two election precincts in Knox county; second reading dispensed with, and referred to the committee on Privileges and Elections. H. R., bill to legalize the proceedings of the November term of the Pulaski County Court; second and third readings dispensed with, and passed.

H. R., bill to allow an additional Justice of the Peace to Graves county and an additional constable to Logan county; second reading dispensed with, and referred to the committee on Propositions and

H. R., bill for the benefit of "Southern College," at Bowlinggreen; second and third readings dispensed with, and passed.

H. R., bill to change the names of Joel R. Allcock and family of Warren county; second and third readings dispensed with, and passed.

A joint resolution from the House, appointing a committee of five from the House, and three from the Senate, to visit the Lunatic Asylum at Lexington, and report its condition, &c., was adopted. On motion, the Senate adjourned.

HOUSE OF REPRESENTATIVES.

THURSDAY, Jan. 6, 1848. The House was opened with prayer by Rev. Mr ROBINSON.

Journal read by the Clerk. Petitions were presented by Messrs. Pratt, Johnston, T. D. Brown, D. P. White, Barlow, Blanton, Bowling, Judd, Cavan and Chilton, which were re-

ferred to appropriate committees.

Reports of Standing Committees. Mr. J. N. STEPHENS-a bill to establish the

county of Taylor; read twice, when Mr. D. P. WHITE said he did not design to detain the House long on this matter; but he felt it to be his duty to make a full statement of the facts concerning it, as he deemed it a matter of importance. He accordingly submitted to the House all the statistics in regard to the population, area, taxable property, &c., and the great inconvenience to which a portion of the people to be included in the new county, had formerly been subjected. He concluded by expressing his determination to vote for the bill, and his desire that it might now be passed.

Mr. HUGHES said he did not wish to be understood as opposing the bill, but he desired time to examine more minutely the statistics, and to acquaint himself with the merits of it. He therefore moved that the bill be committed to the committee of the Whole, and that it be made the special order for Monday next: lost.

Mr. TOWLES said he had no disposition to oppose the bill; but it was a matter that he had not examined and was yet wholly unacquainted with its merits. He hoped it might be deferred a short time for the purpose of giving the members time to examine it. He should vote for the bill, if it was the wish of the people immediately concerned in the matter, that it should pass, for they were the best judges of their own wants; but he was not disposed for the people, unless he could have proper time to the executive chair. acquaint himself with its merits. He hoped the

matter would be postponed. Mr. HARDY could assure the gentleman that it was no hasty legislation; that it was a proposition which had long been agitated by the people and the offices of President and Vice President of the vious legislatures of which he had been a member, to appoint delegates to said Convention and Electors and he now understood that the action of this House had been anticipated, and that the people had commenced the erection of their public buildings. It was his desire that the House should act upon the

Mr. COMBS said it was known that he was, and had long been a conservative, and was opposed to innovations and hasty legislation; but this matter had been investigated at the last session, and he desired to know if this House was to wait for the purpose of having remonstrances brought here; he thought not, and the sooner the House passed the bill, the better. He adverted to the fact of his having passed through the district on a former occasion,

and of his acquaintance with it and the people.

Mr. GARNETT moved to commit to the Judiciary committee; lost.

The debate was further continued by Messrs. White, Barlow and Wintersmith, when Mr. HUGHES moved to make it the special order

of the House for Saturday next; carried.

Mr. COMBS, of the Judiciary committee, reported a bill for the benefit of the Judge of the 2nd Judicial District; it was ordered to its third reading, when Mr. COMBS moved to dispense with the further reading, and on that motion,

sent to the committee, it was for the purpose of mittee retired for a short time, and upon their return. giving him time to write to his constituents, who reported, through the Chairman, the following reso were the persons immediately concerned, and get an lutions, which were unanimously adopted: expression of their wishes. say upon the question. Mr. PRICE said, the gentleman's name he did not recollect, but he said "that Judge Brown had have heretofore done, prefer the Hon. HENRY CLAY failed to attend to his Courts, and that the people were now opposed to giving him further time."

The matter was further explained by Messrs.

Combs, Stevens, Hughes and Towles, when Mr. SOERY moved to strike out two years and insert six months-and on a division of the question,

the House refused to strike out. The third reading of the bill was then dispensed

with, and the bill passed. Mr. COMBS, a bill providing for taking the dep-

The bill was discussed and explained by Messrs. Combs, Wintersmith, Towles and Hardy.

Mr. TOWLES moved to commit to the Judiciary committee, and to have the usual number of copies printed; carried.

Mr. COMBS reported against the petition of James T. Mercer; agreed to. Also-against the petition of Silas T. Yeager

Also-against the petition of Rachael L. Jett;

Also-against the petition of Andrew Lovelace; agreed to.

Also-a bill to amend the laws of the town of Bowlinggreen; read and passed. Also-a bill for the benefit of James T. Pettus;

Mr. TOWLES, a bill for the benefit of G. H. Robinson, and for other purposes; read and passed

Select Committees. Mr. HANSON, a bill for the benefit of Amanda Hutchinson and her children; read and passed. Mr. SMITH, a bill giving the action of trespass

to the widow and infant heirs of persons killed; Mr. FLOYD, a bill to amend the road law in the

county of Trimble; read and passed. Orders of the Day.

Mr. WINTERSMITH had unanimous consent to report at this time, a bill concerning the election of

Electors for President and Vice President; read. This bill was discussed by Messrs. Gaines, Hardy, Wintersmith, and T. D. Brown, and after being amended, was passed.

Mr. T. D. BROWN reported the bill with amendnents, providing for taking the sense of the people as to the propriety of calling a convention.

The amendments proposed by the committee were discussed by Messrs. Hughes, Christopher, T. D. Brown, Speed, Hardy, Garnett, Bowling, Combs, Wintersmith, Headley and Newell, when the third reading was dispensed with, and the bill as amended, passed, on the call for the Yeas and Nays, nemo

Mr. BARLOW moved to take up the Senate resolutions to fire a national salute on the 8th of January, (the resolutions were published in Senate proceed-

ings of Wednesday) which being seconded,
Mr. COMBS offered to amend by adding, and to fire one hundred guns on the 22d of February, in honor of Gen. Washington and the brilliant victory achieved by Major Gen. Zachary Taylor at Buena Vista, which, together with the resolution was unanimously adonted.

Mr. HAGGARD offered the following:
Resolved, That the ex-members of this House shall be allowed to enter within the bar of this House when invited by any member present; adopted. And then the House adjourned.

From the Henderson Kentuckian. WHIG MEETING IN DAVIESS.

We have received the proceedings of a meeting of the Whigs of Daviess county, at the Court House on Monday the 13th December, for the purpose of electing delegates to the Whig State Convention &c. The proceedings came to hand after our form was nearly made up and we are therefore obliged to condense some and exclude other parts of them in order to get them in this week.

The first resolution recommends the 22d February, as the time for holding the Convention. The others are as follows:

Resolved, That we have observed with great admi ration the dignified course pursued by the Hon. ARCHIBALD DIXON of Henderson (whose name stands prominently before the people of Kentucky for Governor.)

Resolved, That the Gubernatorial Candidacy is a position which should not be sought or obtained by any system of improper management whatever, but should be the free will offering of the people. Resolved, That in Mr. DIXON we recognize a gen

At a meeting of a large number of the Whigs of Casey county, held in the town of Liberty, on the 15th day of December, 1847, for the purpose of appointing delegates to attend the State Whig Convention, to be held in the town of Frankfort, on the 22d day of February, 1848, HIRAM THOMAS, Esq., was called to the chair, and WM. Correspondence of the North American and U.S. Gazette.

WASHINGTON, Dec. 23, 1847. He who undertakes to array all the inconsistencies and discrepancies and speciousness of the Executive

message, has no ordinary task before him, and one of which the public is likely to weary before the la-bor is half discharged. But it is an important duty with the press to keep these facts before the country, that they may be treasured up in judgment against this corrupt administration, when the day of reckon-

I have shown, by former citations from the message, that a system had been adopted in the public stock of sage, that a system had been adopted in the public departments, to misrepresent the condition of our affairs, and to give a false coloring to all transactions connected with the war, that were likely to operate connected with the war, that were likely to operate with the responsibility of the government.

Even at the hazard of trying the patience of my readers, I must produce one other extract to illustrate and substantiate the charge of general unfair-

ness in that precious document.

To meet the expenditures for the remainder of the present and the next, fiscal year, ending on the thirteenth of June, 1849, a further loan, in aid of the ordinary revenues of the government, will be necessary. Retaining a sufficient surplus in the Treasury, the loan required for the remainder of the present fiscal year will be about eighteen million five hundred thousand dollars. If the duty on tea and coffee be imposed, and the graduation of the price of the lands shall be made at an early period of your session, as recommended, the loan for the present fiscal year may be reduced to seventeen millions of dollars.

The President tells Congress he requires "eigh- HARRY I. TODD. teen millions five hundred thousand dollars for the remainder of the present fiscal year;" but if the duty on tea and coffee be imposed and the graduation of the price of the public lands shall be made, as recommended, then the loan may be reduced to seventeen millions of dollars. . That is to say, he allows one million and a half of dollars to be derived from the tax on tea and coffee and the graduation of the prices of the land. I presume no one will dispute the correctness of this assumption.

Now let us see what Mr. Secretary Walker says in his statement of these two sources of revenue. have not his report before me, but I can hardly be mistaken as to the facts. He has the difficult duty to discharge of parading assets for a bankrupt concern-one by the way, in which he has had no little experience. He declares, that the duty on tea and coffee will yield three millions, and the graduation of the lands an additional million-making in all four

millions of contingent revenue.

If this estimate be true, then, in the event of the President's recommendation being carried out, a loan of only fourteen millions and a half would be necessary, instead of seventeen millions as stated by the Executive. Again, if Congress should follow the advice of the President and tax tea and coffee, graduate the price of lands and grant his minimum loan of seventeen millions, according to the figures of Mr. Walker, he would receive twenty one millions into the Treasury, or two and a half millions more than the maximum loan of eighteen millions and a half, which is predicated upon the hypothesis, that tea and coffee will not be taxed and that there will be no graduation.

The President could not have been-deceived as to the facts, when he penned his annual message. They are too specifically and minutely stated to have been matter of conjecture, and if they were, his offence would be no less criminal. The inference is, therefore, inevitable, that he either mistrusted the estimates of the Secretary of the Treasury or that he misrepresented them intentionally. There can be no escape from one or other conclusion. And now in what light is this Government placed before the eyes of the world, by such acts from its highest and most honored Department? What faith can be attached to statements from a source in which the most unsuspected truth and integrity should reside! Let the great jury of public opinion furnish the answer. My own conviction is that truth has been unscrupulously sacrificed to the Moloch of party.

It is currently stated, that the printers to Congress, Messrs. Wendell & Van Benthuysen, will not gress, Messrs. Wendell & Van Benthuysen, will not be able to sustain themselves at the contract rates.

This was fully expected after the announcement of the bids at the last session, and was predicted by one who had long and practical experience on the with contractors design to pursue. They may appeal to He is prepared to wait on gentlemen at all times, day and night. Give him a call.

January 1, 1848. Congress as others have done before, to supply the deficiency or loss, if any has been incurred, or they may return the contracts and ask to be relieved from the liability, which in equity ought to be granted. So far as I am competent to judge, the work thus far At my Ware Room on Ann St. near the Weisiger House. has been well and promptly executed. In the event of these parties abandoning the contract (which I have the authority for asserting.) it would follow most probably, that the printing of the House would go to Messrs. Gales & Seaton or some other Whig establishment and the Seaton of the House would have the seaton of the House would go to Messrs. H. P. NEWELL. peen well and promptly executed. In the event establishment, and that of the Senate to Messrs. Blair & Rives or Messrs. Ritchie & Heiss. If Messrs. Wendell & Van Benthuysen have suffered actual loss in the contract, they have surely a better claim for reparation than the Union had, when it was voted a pleasant douceur of some thirty or forty thousand pollars, to which I did not except for one, as there was a precedent on record, but, which I may say, would have been "more honored in the breach,

than the observance." There was little proposed, and less done, in Congress to-day. In both branches the death of Gen. Hamer, of Ohio, was announced-in the Senate by

Mr. Allen, happily and feelingly. Mr. Crittenden, in one of his most eloquent appeals, advocated the publication of the remaining writings of Mr. Madison, alluding, in a touching manner, to the claims of his venerable relic-one of the few now surviving who participated in the scenes of the brightest and purest days of the Republic. If any case before Congress is entitled to its sympathy and respect, this is it; and I cannot forego the opportunity of expressing the hope that a similar case, that of Mrs. Hamilton, will be united with it, and made the subject of immediate and satisfactory action. A proceeding like this would stand out in bold and beautiful relief to the bitterness and asperity of political legislation, and would shed a halo over the first session of the thirteenth Congress. Let it be taken up and carried through at the opening of the New Year-it will be an appropriate beginning, this work of benevolent justice, and it will carry substantial consolation to the hearts of two of those patriotic matrons, whom the country regards as among its highest jewels, and whom it reverences with the affection of offspring.

In my letter of the 20th, reciting the list of appointees by the Clerk of the House, the name of "J. A. Clay," appears, instead of J. H. Clay Mudd. The correction is necessary as the statement might

lead to wrong inferences. Mr. Webster continued the argument in the New York case, referred to in previous letters. It was one of his powerful demonstrations, lucid and vigorous, without display, but exhibiting vast research. INDEPENDENT.

Gubernatorial Convention.

At a meeting of the Whig members of the Legislature of Kentucky, held in the Capitol, on the evening of the 6th of January, 1848, WILLIAM K. WALL, Esq., was called to the Chair, and CHAS. G. WINTERSMITH, appointed Secretary.

On motion of B. E. GREY, Esq., the following preamble and resolution was adopted, viz:

Inasmuch as it is represented that a difference of opinion exists amongst the Whig press of Kentucky as to the time of holding the Whig Convention for the nomination of candidates for Governor and Lieut. Governor; and since it appears that a very large majority of the counties in which delegates have been selected to that body have indicated the 22d of February next as the most convenient and suitable day-Therefore,

Be it resolved by the Whig members of the General Assembly of Kentucky, That we recommend to the Whigs of the State that the Gubernatorial Convention assemble in the town of Frankfort on the 22d day of February next.

On motion of T. D. Brown, Esq., the following resolution was adopted, viz:

Resolved, That we, the Whig members of the Legislature, and others of the Whig party here assembled, desiring to see harmony and unanimity prevail of the State, the propriety and expediency of send-ing delegates to the Whig Convention as little tramelled as possible by instructions to vote for their respective favorites, and that the delegations be instructed only to vote for the most suitable and available men as our candidates for the offices of Governor and Lieutenant Governor, without any reference to personal preferences, or the aggrandizement of

"RUSSIA AND THE RUSSIANS." (CONTINUED.)

The Army of Russia exceeds in numbers, that of any power in Europe. The regular force, which in 1841, was nearly 1,000,000, has been reduced to 700,000, of these 100, to 150,000, are employed on the frontier of the Caucasus; 50,000 constitute the Imperial Guard at St. Petersburg, and the rest are stationed among the interior Governments of this vast Empire. The Emperor readily avails himself of the improvements introduced into other countries, in the equipments of this, his great hobby, and it appears to be an object of great solicitude to keep pace with the condition of the French Troops. The Army is recruited from time to time, according to the Emperors opinion of the public exigencies, by a requisition upon the Nobility for a certain per cent. from the Peasantry, and such an amount as he may choose to raise from the crown Peasants. Mili-Colonies, are maintained in the interior particularly in the direction of the Black Sea, where the soldiers are exercised in the winter, and assist their families during the summer in the cultivation of the crown lands. For muscular energy and intelligence, the Russian soldiers do not compare favorably with the French or American; but in the precision of the military movements, especially on parade, they are superior to any other troops.-Their firmness and constancy under a murderous fire, have been attested on many of the best fought fields in Europe; whether under Suwarrow, in Italy, or Benningsen and Platoff in Germany, or Kutosof and Barclay de Tolly. No adequate conception can be formed in this country, of the brilliancy of an imperial review of St. Petersburg, or of the interesting manœuvres of 50 to 100,000 Regulars at the summer encampment. The Army in two opposing divisions, executes all the supposed operations of a real campaign. To these exercises, I was always invited by the Emperor, and during 1845, witnessed the combination of 100,000 men, of which 20,000 were Cavalry, each Regiment with a different Major, and horses of different colors, though each horse in a Regiment was precisely alike .-These horses are taught to move at the sound of music, from a walk to a trot, then to a gallop, and thence back to a walk, always marking time. I should scarcely venture to state these facts, if some visitor to St. Petersburg had not published a simi-

I beg leave in this place, to read an extract from my despatch. No. 61, addressed to the Department of State, in September, 1845, in which my views as to the value of Flying Artillery, and suggestions as to our Naval force, were placed in the posession of our Government before the commencement of the present War with Mexico.

"I add a copy of sundry notes from Aid de Camp Gen. Count Orloff, inviting me to the military reviews during the month of June, July and August, in which 100,000 troops were engaged. Prince Charles of Russia, and the brother of the King of 'Holland, who married a sister of the Empress, at-'t ended these reviews. It was a gratifying spectacle to witness, as I did from an eminence, a line of troops extending two miles on my right, and an equal distance on my left, in a plain so level that I could see the smoke of the Artillery upon each of the distant flanks, and the exercises were closed by a magnificent display in three columns, one of 175,000 Infantry, a battallion deep and extending nore than a mile; another of 200 pieces of Artillery, and the other of 20,000 Cavalry, of 25 Regiments, each with a different uniform and horses of different colors, though the horses of the same Regiment were precisely alike. I was impressed by the richness of the uniforms of the Cavalry Regiments, as well as by the action and discipline of the horses; by the remarkable precision with which the Infantry moved, and most of all, by the celerity with which the Flying Artilery was managed. It was this new arm, followed by the combinations and rapid concentrations of an adept, which gave to Napoleon his superiority over the tactics of the great Frederic, and although in a defensive war, it may not be so valuable to us, the plains of Texas, Oregon, California, or Mexico, may present a theatre for its successful application service. The Corns of Cossacks both of the Don and of the Black Sea, so formidable to the retreating French in the invasion of 1812, as well as a small battallion of Circassians excited a peculiar interest, from their skillful use of the Lance by the one, and the adroit horsemauship 'and practised gunnery of the other, at half speed so like the Mounted Riflemen of our great Western Valley. It struck me as a very judicious plan to attach a squadron of Lancers to each park of Flying Artillery, and the whole scene afforded evidence of the vast superiority which discipline gives over mere valor, in all cases where the local posi-'tion and natural defences do not impart to raw 'troops, the confidence which discipline alone in-

"I have pleasure in noticing frequent allusion in the St. Petersburg Journal published under the eye of this Government, to our country as a great maratime power. It is this impression which is best calculated to ensure a respect for our rights, and perhaps no disposition of the "Steamer Mis-'sissippi" and of the "Pennsylvania," would be more judicious, than to show them to the Emperor, whose estimate of our power is chiefly regulated by his conviction of our capacity to contend for the freedom of the seas, of which Great Britain arrogantly assumes to be the Mistress. I trust you will pardon me for these suggestions upon subjects strictly Military and Naval; but when we look at 'the unauthorised efforts of leading European powers to control the action of independent American States, we cannot avoid examining the means by which all European inteference with the affairs of the New World, shall be rebuked."

CHANCELLOR KENT .- Ripe in fame not less than n years, this great man recently died at the residence of his son in the city of New York, in the 86th year of his age. Twenty years ago and upwards he retired from the highest judicial position of his State, by a provision of her constitution, which vacated such places on the incumbent attianing to sixty years of age; and since then he has had power of mind and number of days adequate to intellectual achievements commensurate with any ambition. He peers high among the ablest and the most virtuous of men. Whilst so many Generals were building up the fame of his country in arms, he with equal success harvesting for her glory in the loftier, more difficult and less frequented fields of the jurist and the sage, and he has left behind monuments more enduring than them all.

The opinions of Kent upon great questions of law, of constitution and national policy, are intrinsically of the highest authority, and the American people have a right to them. He has given his judgment, both upon the pending war with Mexico, and its primary cause, the annexation by Congress of Texas. In a letter to the Hon. Garrett Davis, Chancellor Kent says: "I acknowledge your speech of January last on the annexation of Texas. I have perused it with much satisfaction, and I deem it perfectly conclusive that the annexation of Texas by concurrent resolution of Congrees was unwarrantable, and a usurpation of the treaty making power; in every view violent, unjust, unconstitutional, and most pernicious and unprincipled, and will lead to the ruin of the Union."

Chanceller Kent had previously written a letter to Mr. Davis, on the receipt from him of a copy of his speech against the Mexican war, made in the House of Representatives during the month of May, 1846; in which he declared his hearty concurrence in the opinions and sentiments expressed by Mr. D. He avowed in terms of peculiar distinctness and strength, that Mr. Polk had himself began the war against Mexico, in violation of the constitution, and that an Independent Congress would impeach him for it. Mr. Davis exhibited this letter to a large number of friends, when it got out of his hands and was not returned to him. But he sets the highest value upon it, and hopes that it will be found. If it should be, with the opinions of the great and venerable Gallatin upon the same subject, those of Chancellor

Kent ought to be given to the American people. Paris Citizen.

On the 26th ult., at the residence of Mr. George Howard, in Mountsterling, Benjamin Howard Thomas, Esq., in the 23d year of his age. The deceased was a young gentleman of great promise; and few men of his age died more deeply lamented by the community in which he lived. He was a finished scholar, and of rare talents. He had studied the law land was just entering upon a career which seemed to foreshadow the highest success in the profession. Under the late requisition for "volunteers to serve during the war with Mexico," his patriotic zeal for his country—his eloquence in presenting her high claims before the people—his proluptness in raising a company and tendering it to the Governor, evinced the rare qualities of the man, and won for him the admiration of all. Had he died on the field of battle, or slept quietly after a long career of professional service, he would have been alike honored and lamented. Brave, chivalrous and gifted, he has been cut off in the flower of youth and promise, mourned by his numerous friends, and deeply lamented by the community. Peace to his ashes! Eternity to his memory! H. DIED.

LIFE INSURANCE.

NAUTILUS (MUTUAL LIFE) INSURANCE COMPA-NY, No. 29, WALL STREET, NEW YORK.

NY, No. 29, WALL STREET, NEW YORK.

THIS Company, which confines its business exclusively to Life Insurance, has now been in operation two years and a half, during which period it has issued 15.3 policies, and for the first eighteen months it experienced no loss. Its losses for the whole time have been less than \$18,000-leaving an accumulation of about \$65,000 on hand, beyond the payment of claims and expenses. This, added to the original guaranty cap ital of \$50,000, places the security of the Company on a basis so solid as no longer to admit of a rational doubt.

All its profits accure to the credit of the dealers, and are divided annually among them, whether the policy be issued for a limited period or for the whole term of life, a feature unknown in the charter of any other Mutual Life Insurance Company incorporated by this State.

Two dividends of 50 per cent. each, on the amount of premiums received, in accordance with the provisions of the charter, have been declared, and are credited to the accounts of the assured, and for which scrip certificates will be issued.

A dividend of 6 per cent. on the first year scrip has like wise been declared, payable in cash, to the holders thereof on Demann, at the office of the Company.

at the office of the Company.

For policies granted for the whole term of life, when the premium therefor amounts to \$50—a note for 40 per cent with interest at 6 per cent.—without guaranty, may be received in part payment, or it may be paid in cash, in which case it is expected, should the party survive to make 13 annual payments, leaving the dividends to accumulate—the policy will be fully paid for, and the accumulation ultimately added to the policy.

For further information, the public are referred to the pamph lets, and forms of proposal, which may be obtained at the office of the Company, or any of its Agencies.

Board of Visitors,

Appointed by the Executive of the Commonwealth.

I T contemplates a Military Organization for Literary and Scientific purposes; an education eminently scientific and practical; the formation of regular habits, and the diffusion of a knowledge of Military Science.

Military duties will not be permitted to interfere with the pupil's progress in study, but will rather take the place of his unprofitable, and often, victious play.

The course of study adopted, and which will be required in order to graduation, is that usually taught in the best Colleges, except that but one language is required, (Latin or French,) the time usually occupied by the second, being devote to a more extended course in Mathematics, Natural Science and English Literature.

A Preparatory Department is organized in connection with the Institute, in which boys of any age are taken, and are subjected to the same Military discipline as the Cadets.

The position of the Institute, at the Franklin Springs, near Frankfort, Kentucky, (recently occupied by the Franklin Institute,) is admirably adapted in every respect to Academical purposes; the locality being airy and healthy, the mineral waters salubrious, the buildings elegant, extensive and commodious, and entirely apart from the contamination and multiplied malign influences, which seem inseparable from a city or village residence.

The Institution is placed under the charge of Col. R. T. P. ALLEN, as Superintensers, who has been brought prominently before the public, as a competent and successful teacher and governor of youth, by his honorable graduation at the United States Military Academy; his subsequent connection with the Army, and with the Engineering Service of the General Government, as Superintendent of public works; by his long experience as an Instructor, by his recent connection with the Transylvania University.

applicants for admission, on paying the charge of the Institute, and presenting a certificate of good moral character, will be admitted into the classes as their advancement may justify, and upon satisfactorily passing the next examination thereafter, will be entitled to a warrant of appointment, as Cadet, from the Governor. Dr. Penney's Ague Pills.

In presenting the public with this remedy for the most trouble some of Western diseases, I am not unapprized of the opposition that it will at first meet; for the community has suffered much by the impositions and frauds practiced by the getters-up and venders of patent nostrums, specific remedies, and medicines professing to cure all diseases. So much have the people suffered from such infractions on their credulity, that it would seem foolish in any one, at this day, to introduce a specific for any Disease; but I do it, and do it too, sanguine of success Having had ample opportunity to test the efficacy of the Ague Pills now presented to the public, I do assure it, that they have never failed to cure in one solitary case where the directions were strictly observed.

They seem equally as well adapted to Agues of long standin as more recent ones. I could adduce a great many certificates in support of what has been said above, as regards their success but that would swell, unnecessarily, this publication. A tew respectable witnesses are worth a host that are otherwise. See what Dr. John McRoberts, Druggist and Physician in Lawrenceburg, Kentucky, says, whose acquaintance with the Ague Pills is better than that of any other person.

LAWRENCEBURG, Kv., Oct. 1847. This is to certify, that I have been selling Penney's Ague Pills, as local Agent for this place since some time last spring; and in every solitary instance that has come to my knowledge, they have succeeded in curing the chills and Fevers. I heartily renend them to the public, as a remedy every way worthy dence.

JOHN McROBERTS.

CAMDEN, ANDERSON COUNTY, Kv., Oct. 1847. This is to certify, that I have been acting as Dr. J. E. Penney's ocal Agent at this place, in selling his Ague Pills; and in no case have they failed to cure, where the directions have been followed.

EdJJAH ORK.

This is to certify, that my grand daughter was afflicted with Chills and Fevers last spring. I procured one box of Penney's Ague Pills, and gave them by the directions; she was promptly and effectually cured. Some of my neighbors have used them with like success.

DAVID EGBERT.

ANDERSON COUNTY, Ky., Oct. 1847. This is to certify, that last spring my wife and self were both severely afflicted with Chills and Fevers. I procured two boxes of Dr. Penney's Ague Pills: we took them by the directions, and neither one of us had another Chill after we commenced their use. Some of my neighbors have also used them, and, so far as my knowledge extends, with complete success.

JAMES EGBERT.

LAWRENCEBURG, Ky., Oct. 1847. This is to certify, that I had a gentleman in my employ who had been for some time afflicted with Chills and Fevers. He procured and used one and a half boxes of Dr. Penney's Ague Pills, which effectually cured him. Given under my hand, &c.,

Any person taking two of the boxes by the directions, and not being cured of the Ague, my Agents are authorized to refund his money; but in no case will the money be refunded, unless the Agent is satisfied that the directions have been strictly followed, and at least two of the boxes taken. One box will cure five out of six cases. We not 1887. L. PENNEY, M. D. LAWRENCEBURG, Ky., Oct. 1847.

HOUSE AND LOTS FOR SALE.

HOUSE AND LOTS FOR SALE.

DESIRING to take a residence more retired, I will sell, if early application be made, my house and lots in Frankfort, on Ann and Mero streets. The buildings are in excellent order and embrace superior conveniences for a towa residence. The garden is perhaps one of the best stocked, for its size, in the Western country, abounding in every production, adapted to the climate, necessary to the comfort and luxury of a family. The collection of fruit and ornamental trees, grapes, shrubbery, flowers, &c. &c. is exceedingly choice in every department, among which, are nearly 100 varieties of superbrosses.

Besides the lot of 100 feet front on Ann. attached to the house, there are three eleg ant building lots, two of 50 and one of 40 feet front on Ann. 200 feet deep to an alley, the latter fronting 200 feet on Mero. I will se !! in parcels, or the whole together. Terms, liberal, made known 1 on application. THO. B. STEVENSON.
